

Notice of variation with introductory note

The Environmental Permitting (England & Wales) Regulations 2010

URM (UK) Limited

Headlands Lane
Knottingley
West Yorkshire
WF11 0HP

Variation application number

EPR/EB3604UY/V002

Permit number

EPR/EB3604UY

Headlands Lane

Permit number EPR/EB3604UY

Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This is a variation to increase the tonnage for 1.2 Permitted Wastes, 1.2/1: Permitted waste types and Quantities table from 175,000 tonnes to 275,000 for Household, Commercial or Industrial Wastes consisting of glass (excluding inert, scrap metal and Special wastes).

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit

Pontefract

West Yorkshire

WF9 3NR

company registration number 04084246

to operate a regulated facility at

Headlands Lane

Knottingley

West Yorkshire

WF11 0HP

to the extent set out in the schedules.

The notice shall take effect from 16/11/2016

Name	Date
Alan Whitley	16/11/2016

Authorised on behalf of the Environment Agency

Schedule 1 – conditions to be deleted

None

Schedule 2 – conditions to be amended

The following conditions are amended as a result of the application made by the operator

1.2 Permitted Wastes

1.2/1: Permitted waste types and Quantities

No wastes other than those which are both categorised below and specified in detail in section 4.2 of the working plan shall be accepted at the site.

Permitted Waste Categories	Maximum Permitted Quantities (tonnes/year)
Inert wastes	Not permitted
Scrap metal	Not permitted
Special wastes	Not permitted
Household, Commercial or Industrial Wastes consisting of glass (excluding inert, scrap metal and Special wastes)	275,000

Schedule 3 – conditions to be added

The following conditions are added following an Environment Agency initiated variation.

6.1 Fire prevention

6.1.4 The operator shall take all appropriate measures to prevent fires on site and minimise the risk of pollution from them including, but not limited to, those specified in any approved fire prevention plan.

6.1.5 The operator shall:

- (a) if notified by the Environment Agency that the activities are giving rise to a risk of fire, submit to the Environment Agency for approval within the period specified, a fire prevention plan which prevents fires and minimises the risk of pollution from fires;
- (b) implement the fire prevention plan, from the date of approval, unless otherwise agreed in writing by the Environment Agency.
